TECHNICAL EXPERIENCE

Online Clinical Laboratory   **07, 2022**
VMM(Institute)   *Amritsar, Punjab*

- User Registration and Login: The platform allows patients, doctors, and laboratory personnel to register and create their accounts. Users can securely log in using their credentials, ensuring data privacy and security.
- Test Booking and Scheduling: Patients can browse through a wide range of available laboratory tests and conveniently book appointments for the desired tests. The system enables users to select the preferred date, time, and laboratory location for the tests.
- Integrated Payment System: The platform includes a secure payment gateway that allows patients to make online payments for the laboratory tests. It supports various payment methods, such as credit/debit cards, net banking, or digital wallets, ensuring a hassle-free payment experience.
- Data Management and Integration: The system efficiently manages and organizes patient records, test results, and other relevant data.
